FISCAL IMPACT STATEMENT

LS 7727

BILL NUMBER: HB 1542

DATE PREPARED: Feb 8, 2001

BILL AMENDED: Feb 8, 2001

SUBJECT: Physician and nurse continuing education.

FISCAL ANALYST: Chris Baker

PHONE NUMBER: 232-9851

FUNDS AFFECTED: X **GENERAL**
DEDICATED
FEDERAL

IMPACT: State

Summary of Legislation: (Amended) The bill requires the Medical Licensing Board of Indiana to adopt rules requiring physicians to report on license renewal forms any continuing education hours completed during the license renewal period. It requires the Indiana State Board of Nursing to adopt rules requiring nurses to report on license renewal forms any continuing education hours completed during the license renewal period. The bill also allows for random audits for verification of continuing education hours reported by physicians and nurses.

Effective Date: July 1, 2001.

Explanation of State Expenditures: (Revised) This bill could increase expenditures of the Health Professions Bureau. The amount of the increase is unknown and dependent on how the agency notifies license holders of the requirements of this bill, and any additional meetings by the Medical Licensing Board to adopt rules for the reporting of continuing education on renewal forms that are necessary .

This bill allows the Health Professions Board to randomly audit between 1% and 10% of the practitioners who report continuing education hours on the license renewal form. To implement an audit, the Health Professions Bureau indicates that it would need to do the following: create a random audit list, notify the selected practitioners by certified mail, review the verification of completion and send follow-up correspondence to those who are either in or out of compliance. The added cost of postage (the cost of certified mail is \$2.97) and stationery would depend on the size of the audit sample.

As of August 2000, the HPB employed 43 authorized full-time staff members. The HPB has requested six additional positions for the FY 2002-2003 Budget. The requested positions include four Clerical Assistant 3. The Bureau has indicated that as of January 2001, they have no vacancies. Ultimately, the source of funds and resources required to satisfy the requirements of this bill will depend upon legislative and administrative actions.

Explanation of State Revenues: The provisions of this bill could affect revenue collected from license fees of health professionals if the modifications change the number of individuals who qualify for licenses. It is estimated that the overall impact will be minimal. In FY 2000, approximately \$1.7 M in revenue was collected from physicians and nurses for licenses and other fees. License fees collected are deposited in the state General Fund.
